

# Why Join the Libertas Legacy Society

---

Freedom does not pass from one generation to the next by accident.

It must be taught, defended, practiced, and lived—by families, by young people, by entrepreneurs, by leaders, and by communities that understand what is at stake.

Libertas Network exists to change hearts, minds, and laws to create a freer future. Through our family-focused initiatives, educational resources, entrepreneurship programs, career alternatives, and policy reforms, we are helping children and parents understand the ideas of freedom and carry them forward.

## JOINING THE LEGACY SOCIETY IS A MEANINGFUL WAY TO BE PART OF THAT LONG-TERM WORK.

---

By including Libertas Network in your will, naming us as a beneficiary of a retirement account, or making another kind of planned gift, you become part of a special group of supporters who are among the most generous and committed friends of our organization.

In recognition of this generous commitment, Legacy Society members may receive:

**Personal updates from Libertas Network leadership.** As a member of the Legacy Society, you are part of Libertas Network's long-term strength and strategic success. We look forward to sharing meaningful updates on the work your commitment helps make possible.

---

**Invitations to special events and conversations with our team.** We want to know you, keep you close to the mission, and give you opportunities to hear directly from the people advancing this work.

---

**Recognition of your valued support.** We are grateful to honor Legacy Society members with a small commemorative gift and, if desired, appropriate recognition as part of this special group of supporters.

**Above all, by joining the Libertas Legacy Society, you keep the torch of liberty burning for future generations.**
